CONDENSED INTERIM
FINANCIAL STATEMENTS
QUARTER AND NINE MONTHS
ENDED MARCH 31, 2016
(UN-AUDITED)

DATA AGRO LIMITED

DATA AGRO LIMITED DIRECTOR'S REPORT

On behalf of the management of the company, I am presenting the quarterly un-audited accounts for the period ended March 31, 2016.

The results for the last nine months show a profit of Rs. 2.624 million (March 2015: Rs. 0.859 million). Turnover for the period is Rs. 46.517 million (March. 2015: Rs. 41.034 million) which shows an increase in sales as compared to March 2015.

There is an increase in sales of Hybrid Corn seed which is encouraging for the management. The big worry is the decrease of cotton seed delinting business which always play a substantial role in our total turnover/business. Overall we feel the seed market has picked up somewhat as far as corn is concerned. We hope after the harvesting of wheat we see a further rise in corn cultivation.

We are opting for third party contract production and reducing self cultivation for the production of hybrids seeds. This is going to reduce the cost of production and increase the volume of production of different seeds.

Currently we are busy in delinting of third party cotton seed. Unfortunately due to fall in area cultivated for cotton, farmers are reluctant to invest in cotton. We have not met our expectation in the business of delinting.

The management and sponsors are fully behind the project and assure the shareholders of all our efforts to make this venture a success.

Lahore April 29, 2016

(FAAIZ RAHIM KHAN) Chief Executive
